

Director of Development

ELTHAM is a school unlike any other. Constantly adapting to the changing needs of young people and their world, it has one of Victoria's broadest curriculums. Located in leafy Nillumbik Shire, this innovative, independent school has also established a new Melbourne City School (P-12).

To build upon its loyal support base, ELTHAM has created this senior role to instill the spirit of philanthropy into the wider ELTHAM community, and generate ongoing financial support for both Schools.

Reporting to a CEO who is passionate about the Schools, you will be responsible for developing fundraising strategy, identifying and building relationships with prospective donors, and managing related administrative processes.

You should be an enthusiastic professional who can work with Board members, staff, parents and volunteers, alumni and past families, earning the respect and trust of all stakeholders and donors.

If you can be the catalyst who will turn visions into reality please apply now. Call Philip Mayers or Michelle Varcoe for more information.

Newly created leadership role

Develop philanthropy & fundraising

Inspirational environment
