

Community Development & Fundraising

Nazareth Care is a national values-driven aged care provider with facilities worldwide. The organisation provides quality services for residents in metropolitan and rural locations and has strategic plans for future growth.

Reporting directly to the CEO, you will develop and implement a framework for philanthropic giving that will align with the vision, mission and values of Nazareth Care. Your responsibilities will include engaging with the community, developing fundraising streams and generating support to improve the quality of care to enrich the lives of residents.

You will proactively cultivate and steward donors to develop support through trusts and foundations, bequests, planned giving and direct mail. You will build enduring relationships with residents and their families, volunteers, local business people, and the wider communities in which Nazareth Care operates.

Your ability to research, plan, organise, develop a robust database and build support is vital for success in this hands-on role. You will have the capacity to embrace Nazareth Care's values and establish collaborative working partnerships with the leadership team, which comprises of the Sisters, CEO and General Managers.

If you're a self-motivated and collegiate "can do" person with a strong understanding of the philanthropic sector, apply to cv@dakinmayers.com.au Alternatively contact Michelle Varcoe or Philip Mayers for a confidential discussion.
